KY COVID-19

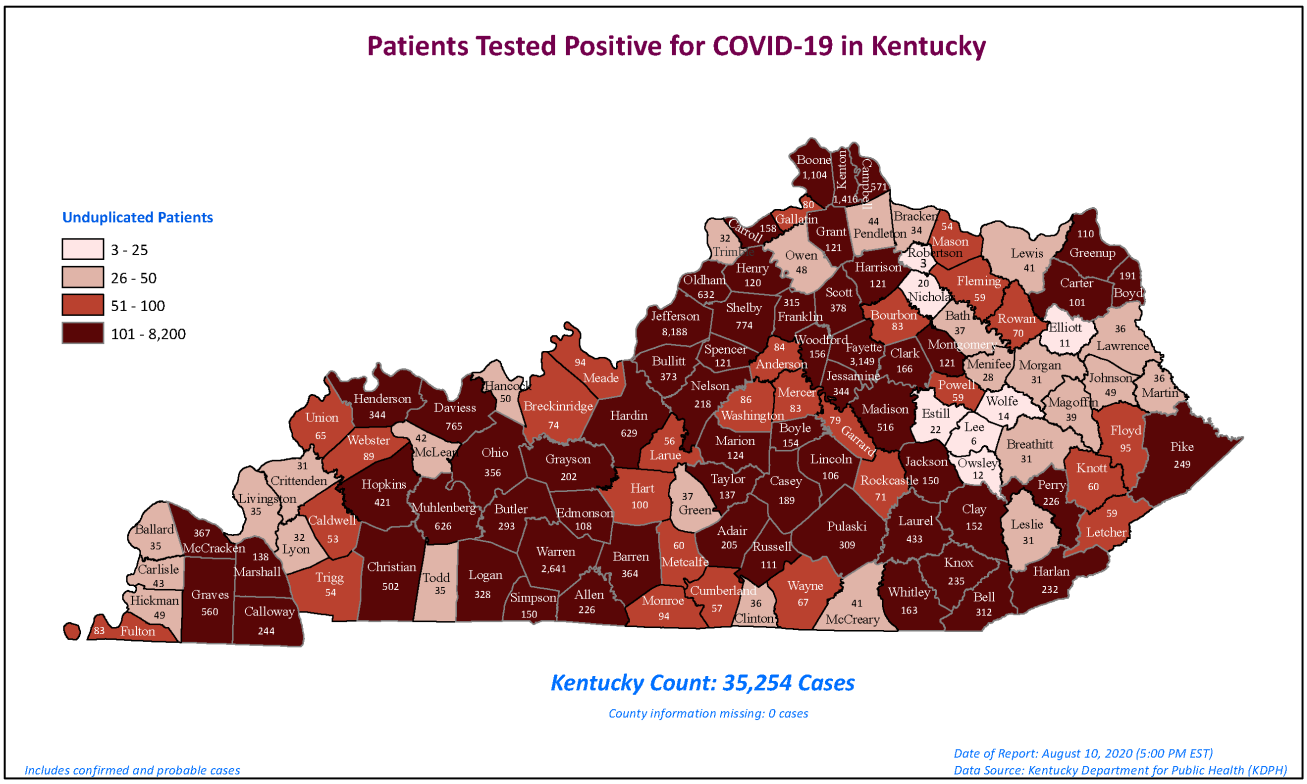

Daily Report

*Based on a 7-day rolling average. Timing of reporting overall lab results versus positives, repeat testing of individuals, duplicate entries and lack of reporting by some labs, make the data imprecise and more appropriate or useful for trending. Learn more about how KDPH determines the positivity rate.

Note: Data includes cases of COVID-19 reported to KDPH.

Report Online 888-432-9257

The Kentucky Department for Public Health (KDPH) is responding actively to the COVID-19 situation. Our State Health Operations Center is operating at Level 1, its highest activation level. This respiratory disease was first detected in a Kentucky resident on March 6, 2020.

Contact Tracing
A Confidential Public Health Resource

What is Contact Tracing?

Contact Tracing is a process used by the Kentucky Department for Public Health to help stop the spread of diseases like COVID-19.

GOAL: Stop the Spread and Save Lives

Public Health workers reach out to individuals who have contracted COVID-19 to assess their situation and track any recent in-person contacts.

Tracers reach out to identified contacts to provide instructions and connect them to local resources.

By following instructions provided by the Tracer, contacts help stop the spreadof COVID-19 and save the lives of Kentuckians.

What if I am contacted?

Services

During the COVID-19 State of Emergency, individuals who need medical insurance coverage for doctors, pharmacy or hospital services should click here Healthcare Coverage Application. This coverage is temporary and ends 2 months after the application month unless you submit an application for regular Medicaid. For application help, contact an application assister through the Application Assister Web Page or call the Kentucky Healthcare Customer Service line toll-free at (855) 459-6328. For a listing of participating medical providers please access the Kentucky Medicaid Provider Directory. If you have questions or need more information about a participating provider, you can call 1-800-635-2570.

How to file an unemployment insurance claim if you have lost a job or are sick due to COVID-19

Individuals may apply for Medicaid by calling the Kentucky Healthcare Customer Service line toll-free at (855) 459-6328, contacting an application assister through the Kentucky Health Benefit Exchange website, visiting the Benefind website or by calling the DCBS Call Center toll free at (855) 306-8959.

KY Medicaid COVID - 19 Information

Individuals may apply for the *Supplemental Nutrition Assistance Program* (*SNAP*), formerly known as food stamps, by visiting the Benefind website or by calling the DCBS Call Center toll

free at (855) 306-8959.

To see if you might be eligible for WIC, visit: WIC Screening Tool. If you think you might be eligible, contact your local health department for more information on enrolling.

COVID-19: Deaf and Hard of Hearing Communication Access Recommendations for the Hospital

SAMHSA OTP Guidance: SAMHSA issued guidance allowing states with and without emergency declarations to allow Opioid Treatment Programs (OTPs) to provide 28 days of take-home medication to stable patients and 15 days of medication to less stable patients whom the OTP

believes can responsibly manage this amount of medication.

SAMHSA 42 CFR Part 2 Guidance: SAMHSA issued guidance which allows providers to share patient SUD diagnosis information that would normally be protected under 42 CFR Part 2 in instances of a bona fide medical emergency. Usage of the medical emergency exception must be documented by providers.

CMS Guidance to Catastrophic Coverage Plans: CMS issued an FAQ clarifying that catastrophic coverage plans must include coverage of COVID-19 diagnosis and treatment under the Essential Health Benefits. CMS will waive enforcement actions against any such plan which provides COVID-19 services before patients pay the plan's deductible, and encourages plans and states to provide such pre-deductible coverage.
