KY COVID-19

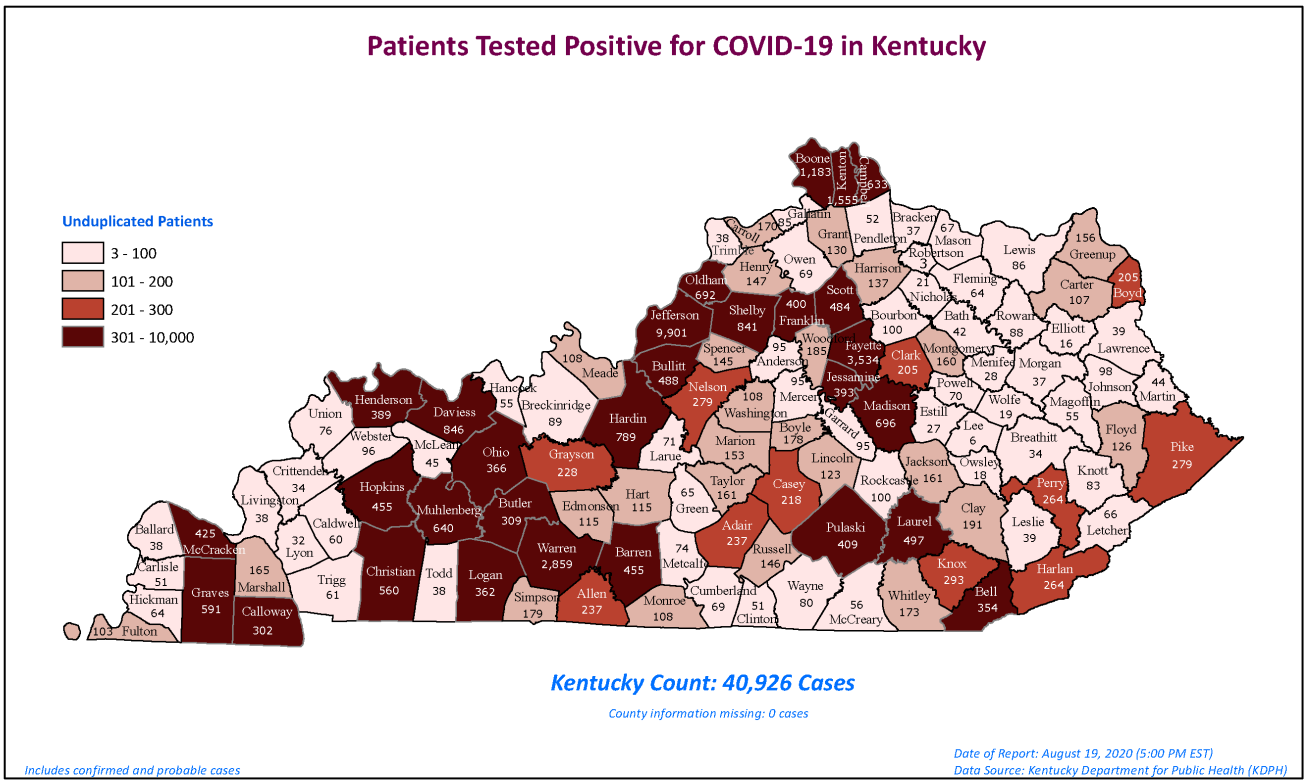

Daily Report

*Based on a 7-day rolling average. Timing of reporting overall lab results versus positives, repeat testing of individuals, duplicate entries and lack of reporting by some labs, make the data imprecise and more appropriate or useful for trending. Learn more about how KDPH determines the positivity rate.

Note: Data includes cases of COVID-19 reported to KDPH.

Mobile Dashboard

In the event of a discrepancy between case confirmations, please note kycovid19.ky.gov is reporting confirmed cases by the Kentucky Department of Public Health (KDPH). We are working diligently to confirm cases as they are reported to KDPH.

Travel Advisory

Learn More

On July 20, 2020 the Kentucky Department for Public Health issued a travel advisory with the recommendation of a **14-day self-quarantine** for travelers who went to any of the states reporting positive testing rate equal to or greater than 15 percent-of COVID-19 testing.

It is recommended to use extra precaution traveling to states reporting positive testing rate equal to or greater than 10 percent-of COVID-19 testing.

Mississippi 27.39%

Nevada	17.18%
Idaho	16.18%
Florida	15.16%

Data provided by Johns Hopkins.
