### Bordertown COVID-19 by Age Groups

### Bordertown COVID- 19 Deaths by Ages Groups

1. Some Cases are due to delayed reporting
2. Multiple tests performed on same individuals have been de-duplicated.
3.Includes bordertown
4.The recovery number has been revised to improve estimates on the number of cases who survived the initial COVID-19 illness and are no longer contagious.
Data is updated Monday - Friday
5.COVID deaths are those confirmed cases reported to the State of Arizona, New Mexico and Utah who have a death certificate meeting their case definition for a COVID death and notification can take several months. It is in alignment with the CDC definition: "A death certificate that lists COVID-19 disease or SARS-CoV-2 as a cause of death or a significant condition contributing to death."
Data reflects cases reported of the previous day.

Data is reported by the Navajo Epidemiology Center at different times throughout the week.
Please note the last updated date.

Cases - Meets confirmatory laboratory evidence

Date is based on notification by states.
