*Click on service area to display more information. Click outside service area to display Navajo Nation information. Ramah is included with Gallup service area and Alamo, Tohajiilee are included with Crownpoint service area.

COVID-19 by Age Groups

COVID-19 Deaths by Age Groups

1. Some Cases are due to delayed reporting
2. Multiple tests performed on same individuals have been de-duplicated.
3. Includes bordertown
4. The recovery number has been revised to improve estimates on the number of cases who survived the initial COVID-19 illness and are no longer contagious.
Data is updated Monday - Friday
5. COVID deaths are those confirmed cases reported to the State of Arizona, New Mexico and Utah who have a death certificate meeting their case definition for a COVID death and notification can take several months. It is in alignment with the CDC definition: "A death certificate that lists COVID-19 disease or SARS-CoV-2 as a cause of death or a significant condition contributing to death."
6. A new case is defined as a positive test within the last 72-hours. Some cases are due to delayed reporting from the states: any positive tests >72-hours are considered delayed.
7. Daily counts are subject to change as additional case notifications are received. Please interpret the last 7 days of the epi curve with caution. That section has been greyed out for your awareness
Data reflects cases reported of the previous day.
8. All Navajo Nation Residents with completed Vaccine Series.This number includes Navajo Nation residents and Service Delivery Areas of Indian Health Service. Navajo Nation residents are defined as individuals with a community of residence located on the Navajo Nation. Navajo Nation Service Delivery Areas are the service delivery areas defined by Indian Health Services(IHS) that are service by an IHS service unit or tribal health organization(THO). Vaccine Series include vaccines with two doses (Pfizer-BioNTech and Moderna) or one dose (Johnson & Johnson's Janssen)
9. Eligible population are those populations eligible to receive a vaccine through Pfizer-BioNTech (12 years and older), Moderna (18 years and older), and Johnson & Johnson's Janssen (18 years and older)All Navajo Nation Residents with completed Vaccine Series

Data is reported by the Navajo Epidemiology Center at different times throughout the week.
Please note the last updated date.

Cases - Meets confirmatory laboratory evidence

Date is based on notification by states.
